

Who I Admire

I have an Aunt fighting for her life, her Name is Rose Davis. She is very sick, and is at the San Francisco Hospital. She has bad Asthma, and a bad Coughing Disorder. She is in her thirty's or forty's. I think she has been there for almost a Month and been in Surgery for 4, 5 weeks and her ex-soulmate is with her. I want to the doctor's and Nurses to help My Aunt, live and Stay living, her four sons will be in sorrow and lost without their Mom. I hope she comes out okay and breathing good and feeling good.
