

I'm stuck, I'm trapped
I'm locked up inside
I can't live without your love
But I have to let go of it

Why did you lie to me?
Why do you haunt my dreams?
Do you even love me?
Why can't I let you go?

I have to free myself from your hold
Let me go

I forgive you
Before I go, I want to let you know
My life began when I met you
I love you
Good bye
