

Me

who is this little black girl I see
looking through the mirror right at me
O MY GOSH look she hecka ugly!
she's got messed up hair
and ugly eyes
strait up and down
with skinny thighs
her lips are too big
and so is her nose
she cant dress at all
she looks like a dying rose...
but prople think she's pretty,
she thinks their crazy.
They see a beautiful African
black as can be
from the curls in her head
to her pedicured feet
her shape is so rounded
and her lips so full,
this little black girl is as strong as a bull!
