

Leaving Me Behind

Alyssa's true story of how she became a Christian . To many people I look like a typical teenager on the outside but I'm haunted by my past every day. Will the pain end ? or keep on going . The past seventeen years of my life have been wasted searching for something to fill the emptiness in my heart , that something was Wicca. Wicca helped me take control of my own life but I wasn't satisfied it made me realize how foolish I had been to follow this path .

So I cried out to my Lord and Savior Jesus Christ to save me from this deathly trap . I am thankful to say Jesus is everything I need . I will never again turn to Wicca or witchcraft.
